“We don’t just make
saddles, we ride them!”

2011 AERC National Championship

At the 2011 AERC National Championships held August 25th and 27th at Ft. Stanton New Mexico, Specialized riders showed once again that horses perform better if their saddles fit.

Here is a list of the National Champions riding in Specialized Saddles:

- Tracy Kaden, 55 mile Lightweight Champion
- David Kaden, 55 mile Middleweight Champion
- Tennessee Mahoney, 55 mile Half Arab Champion
- Anna Wolfe, 100 mile Lightweight Champion

Congratulations to all the winners. This was a very personal Championship for my wife Tracy and myself, both winning our weight divisions in the 55 mile race.

New Products

Seat Inserts

Specialized Saddles is now offering child seat inserts. The seat insert converts a saddle to a smaller size. It is available in 1" and 2" and will keep a rider in a balanced position. Easily installed and uninstalled by removing 2 screws. Can be used to convert an adult sized saddle to a child size saddle. Put it in a 15" standard Specialized Saddle to change it to a 13" for the younger rider. Priced at \$149.

New Leather Color

A New color called Honey has replaced our Chestnut colored saddle leather. Like all other colors of leather, it is available at no extra cost. It is English Bridle leather which resists water, is soft, and doesn't require a break in period.

Saddle Pads

Endurance style saddle pads now come in a chocolate brown. This pad is available with a non-slip backing or a fleece backing. Still the same low price as our other colors, This saddle pad is available at \$79.

Fleece Seats for Internationals and Trailmasters

As a new option when purchasing a Trailmaster or International, you can also choose to have a fleece seat installed and sent with the saddle. Available to purchase with saddle or separately on accessories page. Priced at \$99.

Custom Show Saddles

Specialized Saddles has recently made the jump into producing high quality show saddles. These saddles are available in all sizes with lots of options: custom silver, custom tooling pattern style and tooling placement. They can be purchased with a matching head stall and breast collar. Prices start at \$3,000, call for more information.

Networking

Join Specialized Saddles on Facebook and Twitter. Join the group and share your favorite SS stories. We would love to hear how you and your horse are getting along with the saddle and see a few pictures. It also offers a great opportunity to find other individuals riding the Specialized Saddle in your area you may not be aware of.
